PRECEDENT — LIVE WEBSITE FEATURE DIRECTORY

Complete List of Feature Names and Where They Are Located on the Live Website

LIVE URL: https://precedent-web.onrender.com • LOCAL URL: http://127.0.0.1:5173

How to Navigate the Live Website:
1. Open **https://precedent-web.onrender.com/** (or local **http://127.0.0.1:5173/**).
2. On the **Login screen**, use the 1-click quick buttons: **'Brand Manager (David Kim)'** or **'Creator (Emily Carter)'**.
3. Once logged in, use the **Left Sidebar Navigation Menu** to access features, or switch roles anytime using the **'Switch Persona' button in the top-right header**.
4. The **Precedent Assistant (AI Chatbot)** is always available as a floating bubble at the **bottom-right corner of every screen**.

1. Global Persistent Features (Located on Every Screen)

Visible and interactive across all 21 screens in the application:

Feature Name	Where to Find / Click in Live UI	Live URL & Screen Location	What It Does
Precedent Assistant (AI Chatbot)	**Bottom-Right Floating Bubble** Click the purple sparkle icon with the green status dot.	`Visible on ALL URLs https://precedent-web.onrender.com/* Slides out as a right drawer.`	In-app brand governance assistant. Answers questions using verified passages from brand books, checks rules, and provides cited references.
Instant Persona Switcher	**Top Header Bar (Right Side)** Click 'Switch to Creator' or 'Switch to Manager'.	`Top header of ALL URLs Right side next to user avatar pill.`	Instantly flips between Brand Manager (David Kim) and Creator (Emily Carter) perspectives without typing passwords.
Dynamic Counter Badges	**Left Sidebar Navigation** Colored badges next to menu labels.	`Left sidebar across all pages. Badges on Queue, Exceptions, etc.`	Live database counts: Red badge (11 pending reviews), Yellow badge (2 exceptions), Creator badge (14 submissions).

2. Brand Manager Features (Sign in as David Kim)

Complete brand governance, decision-making, and AI Agent Studio tools for Brand Managers:

Feature Name	Where to Find / Click in Live UI	Exact Live Website URL	Screen Location & Key Controls
Command Center & Overview	**Left Sidebar → Click 'Overview'**	`https://precedent-web.onrender.com/manager/overview`	Top summary stats (Health score 92%), pending decision counter, quick action cards, and real-time audit feed.
Review Queue	**Left Sidebar → Click 'Review Queue' (red badge)**	`https://precedent-web.onrender.com/manager/queue`	Cards showing submissions awaiting review. Clicking any card navigates to the Manager Decision Workspace.
Manager Decision Workspace & 5-Agent Review Crew	**From Review Queue → Click any submission card (e.g. *'PureGlow Summer Glow'*)**	`https://precedent-web.onrender.com/manager/queue/:id`	Main panel shows copy & imagery. Right sidebar has 5-Agent Review Crew results, cited rules, and **Approve** / **Reject** / **Request Changes** buttons.

All Submissions Register	**Left Sidebar → Click 'All Submissions'**	`https://precedent-web.onrender.com/manager/submissions`	Full-width data table. Filter by Approved/In Review/Rejected, search, customize columns, and click scores to open the Score Breakdown modal.
Guidelines & Rules Manager	**Left Sidebar → Click 'Guidelines & Rules'**	`https://precedent-web.onrender.com/manager/guidelines`	Tabs for Brand Policy Documents and Deterministic Rules. Click any rule to inspect severity weights (Critical, High, Medium, Low) and text passages.
AI Agent Studio & Prompt-to-Agent Generator	**Left Sidebar → Click 'Agent Studio'**	`https://precedent-web.onrender.com/manager/agent-studio`	Studio dashboard with active agents and templates. Click top-right **'+ Create Agent'** to open the **Prompt-to-Agent natural language generator**.
Visual Workflow Builder (React Flow Canvas)	**Inside Agent Studio → Click 'Open Builder' on any agent card**	`https://precedent-web.onrender.com/manager/agents/:id/builder`	Interactive node-based canvas. Drag, connect, delete, and configure trigger, tool, logic, and output nodes; zoom/pan; test workflow.
Agent Executions Log	**Left Sidebar → Click 'Agent Executions'**	`https://precedent-web.onrender.com/manager/agent-runs`	Real-time table of all agent executions with duration, trigger type, status (Success/Failed), and direct links to execution autopsies.
Execution Trace Inspector	**From Agent Executions → Click any run row**	`https://precedent-web.onrender.com/manager/agent-runs/:runId`	Detailed execution autopsy showing node-by-node execution steps, tool inputs/outputs, millisecond execution timings, and error traces.
Exceptions Center	**Left Sidebar → Click 'Exceptions' (yellow badge)**	`https://precedent-web.onrender.com/manager/exceptions`	Table of policy exemption requests filed by Creators. Managers can click 'Review' to evaluate rationale, set expiration dates, and Approve/Deny.
Rule Impact Sandbox	**Left Sidebar → Click 'Rule Impact Sandbox'**	`https://precedent-web.onrender.com/manager/sandbox`	What-If simulator. Draft a new rule or edit an existing one, run simulation across past submissions, and view estimated pass/fail drift.
Sentinel Monitoring	**Left Sidebar → Click 'Sentinel Monitoring' (yellow badge)**	`https://precedent-web.onrender.com/manager/sentinel`	Continuous drift detection. Click **'Run Scan Now'** to re-evaluate approved content against updated rules, and schedule automated cron scans.
Asset Library & OCR Inspector	**Left Sidebar → Click 'Asset Library'**	`https://precedent-web.onrender.com/manager/assets`	Media asset repository. Click any logo or product image to inspect OCR-extracted text, brand guidelines compliance, and status tags.
Analytics & AI Health Observability	**Left Sidebar → Click 'Analytics & Health'**	`https://precedent-web.onrender.com/manager/analytics`	Interactive compliance score graphs, top violated rules heatmap, submission review cycle times, and AI token cost & latency charts.
Audit History & Security Ledger	**Left Sidebar → Click 'Audit History'**	`https://precedent-web.onrender.com/manager/audit`	Immutable, tamper-evident security audit trail. Click any log entry to open the JSON Diff modal showing before/after snapshots.

3. Content Creator Features (Sign in as Emily Carter)

Creation tools, instant brand pre-flight checks, and interactive review diffing for Creators:

Feature Name	Where to Find / Click in Live UI	Exact Live Website URL	Screen Location & Key Controls
Creator Dashboard & Overview	Left Sidebar → Click 'Overview'	`https://precedent-web.onrender.com/app/overview`	Personal compliance rating (88%), recent submissions table, quick-action draft buttons, and pending manager review alerts.
New Content Submission Studio	Left Sidebar → Click 'New Content' (or '+ New Submission')	`https://precedent-web.onrender.com/app/new`	Copy text editor, campaign metadata fields, and image uploader. Features the **'Run Pre-Flight Check'** button for instant feedback.
Instant Pre-Flight Brand Check	Inside New Content Submission page → Click 'Run Brand Check'	`https://precedent-web.onrender.com/app/new (Inline Panel)`	Inline results card showing instant score, highlighted violations, and verified brand rule citations before formal submission.
My Submissions Register	Left Sidebar → Click 'My Submissions' (badge shows count)	`https://precedent-web.onrender.com/app/submissions`	Filterable list of all personal submissions (*All, In Review, Approved, Needs Changes*). Click any item to open the diff feedback studio.
AI Review & Interactive Diff Studio	Left Sidebar → Click 'AI Review' (or click any submission)	`https://precedent-web.onrender.com/app/feedback/:id`	Side-by-side visual diff. Violations are tagged with severity pills; click any violation to see cited rule and click **'Accept Suggestion'** to auto-fix.
Brand Guidelines Explorer	Left Sidebar → Click 'Brand Guidelines'	`https://precedent-web.onrender.com/app/guidelines`	Searchable creator knowledgebase. Explore dos & don'ts, acceptable claims, prohibited medical claims, typography, and logo usage rules.
Exception Requests Center	Left Sidebar → Click 'Exception Requests'	`https://precedent-web.onrender.com/app/exceptions`	Click **'+ New Exception Request'** button to petition for a seasonal rule waiver; track manager rulings (Approved/Rejected) and active dates.
Sentinel Reassessment Tasks	Left Sidebar → Click 'Sentinel Tasks' (yellow badge)	`https://precedent-web.onrender.com/app/sentinel`	Task list for approved content that requires updates due to new policy changes. Click 'Update Copy' to modify copy and regain compliance.
Approved Content Hub	Left Sidebar → Click 'Approved Content' (green badge)	`https://precedent-web.onrender.com/app/approved`	Card grid of manager-approved content versions with one-click **'Copy Approved Copy'**, immutable version hashes, and export actions.
Notifications Center	Left Sidebar → Click 'Notifications' (or top bar bell icon)	`https://precedent-web.onrender.com/app/notifications`	Real-time notifications feed for approvals, requested revisions, exception rulings, and Sentinel alerts with unread filtering.
Creator Profile & Settings	Top-Right User Pill → Click Avatar / Name	`https://precedent-web.onrender.com/app/profile`	Manage account identity, avatar color, email notification preferences, PureGlow workspace info, and sign out.

My AI Assistants	**Left Sidebar → Click 'My AI Assistants'**	`https://precedent-web.onrender.com/app/ai-assistants`	Execute AI brand assistants assigned by Brand Managers to run pre-flight claim validations, copy generation, and compliance checks.
